not so large as that of last, the quality of those from the west were mostly ordinary. There were but a very few cattle from that section this week. Cattle cost from \$\frac{1}{2}\text{gl} \text{c} \text{f} \text{ b} \text{ higher at Albany than last week, but on account of the large supply for the past few weeks, the markets at Boston have been overstocked and trade for beeves habeen dull. Prices remain unchanged from our last quotations, and although the supply of cattle is not so large as that of last week, still there is more cattle in market than the demand requires. From Maine there was a fair supply of cattle and several lots were sold for beeves. The larger portion of that section were working oxen and store cattle. The trade for working oxen has been dull. The trains on the northern roads got in early, and the trade was very good at Cam-
